Steam Deck Epic

steam button → power → switch to desktop start discover from task bar or all apps search for "heroic games launcher" (x for virtual keyboard, left touchpad mouse movement) install start heroic games launcher login → epic games

open steam desktop client toolbar → games → add non-steam game to my library tick box of heroic games launcher click add selected programs close steam go back to gaming mode

https://www.xda-developers.com/how-to-install-play-games-epic-games-store-steam-deck/

To access sd card for heroic games launcher, use this command with the path to the sdcard:

```
flatpak override --user --filesystem=/run/media/mmcblk0p1/
com.heroicgameslauncher.hg
```

(make sure it matches your SD Card address), or use Flatseal
