Android VM Automation

Nox installation

The best Android VM at the moment is Nox, but it is windows only. (Fails under Wine).
It can be downloaded from http://en.bignox.com

Installation is straight forward.

Once installed, the following should be configured:
Enable root
set display to 800×600
disable resize

The VM files are stored in C:\Users\username\AppData\Roaming\Nox\bin\BignoxVMS
Screenshots are saved in C:\Users\username\Nox_share\Image
